A true force for change

Our grant-making approach is forward thinking and unique. We support innovative projects that address the unmet needs of women and girls in the Jewish community.
IMAGINE a world in which all women and girls in the Jewish community are ensured a healthy and supportive environment...a world in which we all have equal opportunity for economic, religious, social and political achievement.

The Jewish Women’s Foundation of New York works to make this world a reality by providing education on vital issues...funding innovative programs and engaging in advocacy efforts...encouraging our members to view all philanthropic efforts through a gender lens.
